

LUTHFI AZMI SA'DIYAH

Information Systems Graduate | Software Engineer
luthfiadiyah@gmail.com | LinkedIn | GitHub | Portfolio | East Java, Indonesia

Bachelor of Information Systems and BNSP Certified Junior Web Programmer with experience in web application development, data analysis, and database management through internships, the MSIB program, and academic projects. Skilled in PHP, Laravel, SQL, Python, Tableau, and Power BI for system development and data-driven problem solving, with strong analytical thinking and collaboration skills.

EDUCATION

Universitas Pembangunan Nasional "Veteran" Jawa Timur – *Surabaya, East Java* **2022 – 2026**
Bachelor of Information Systems (GPA: 3.82/4.00)

- Thesis: Analysis of TikTok Live Users' Behavioral Intention Using the Extended UTAUT2 Model
- Relevant Coursework: Web Programming, Information System Development, Information System Project Management, Information System Design Analysis, Data Analyst.

PROFESSIONAL EXPERIENCE

Software Engineer – *Jombang, East Java* **September 2026 - Present**
Perusahaan Umum Daerah Air Minum Tirta Kencana Jombang

- Developed and maintained e-Surat Tirta Kencana, a Laravel-based electronic correspondence system for Perumdam Tirta Kencana Jombang, covering 10+ letter types with role-based access for 7 user roles.
- Designed and developed e-Jawara, a letter management system for Perpamsi Jawa Timur, by adapting the e-Surat architecture: main and division letter flows, secretary/chairman verification and e-signature, automatic numbering, archive, disposition, and master data for directors across East Java.
- Debugged and improved backend REST APIs (Laravel routes, controllers, validation, and database queries) to improve system reliability.

Back End Developer Intern – *Surabaya, East Java* **March - June, 2025**
Dinas Komunikasi dan Informatika Provinsi Jawa Timur

- Migrated and refactored SIMA (Sistem Informasi Magang) from Laravel 5 to Laravel 12, adapting legacy code, routing, validation, and authentication using Laravel and MySQL.
- Implemented core database structures and key system features, and upgraded the user interface to improve usability and visual consistency across SIMA.
- Validated system quality through Black Box Testing across 55 test scenarios, and presented technical progress and outcomes to stakeholders.

Data Analyst MSIB Batch 7 **September - December, 2024**
PT Semesta Integrasi Digital (Karier.mu)

- Cleaned and transformed 11,000+ activity records from 1,356 unique participants using Python (Pandas), then analyzed exam completion patterns, preferred examination times, and the impact of test volume on completion rates.
- Developed interactive Tableau dashboards to visualize key metrics and findings, supporting data-driven decision-making for the online assessment platform.
- Presented the Final Project findings and earned the Best Presentation Award in the Data Analysis: Transforming Data into Meaningful Insights program.

PROJECT EXPERIENCE

Pharmacy Management & Point of Sale System **2025**

Apotik Sehat Sentra - BNSP Competency Assessment Project

- Developed an integrated pharmacy management and point-of-sale system using Laravel and MySQL, covering product catalog, inventory monitoring, and sales management.
- Designed separate dashboards for Admin and Customer, each with its own features and access.
- Implemented end-to-end transaction workflows, including shopping cart, checkout, transaction history, and automated PDF invoice generation.

Final Year Thesis **2026**

Analysis of TikTok Live Users' Behavioral Intention Using the Extended UTAUT2 Model

- Analyzed survey responses from 420 TikTok Live users recruited through social media to examine factors influencing behavioral intention.
- Applied the Extended UTAUT2 model and performed quantitative analysis using SPSS, SmartPLS, and Microsoft Excel to evaluate relationships between technology acceptance factors and behavioral intention.

ACHIEVEMENTS & PUBLICATIONS

1st Place Winner of National Infographic Competition **2024**

Organized by Faculty of Veterinary Medicine, University of Brawijaya

Best Presentation of Data Analysis: Transforming Data into Meaningful Insights **2024**

Organized by PT Semesta Integrasi Digital (Karier.mu) MSIB Batch 7

Published Journal Article – Systematic Literature Review (SLR): Performance Measurement in the Education Sector Using the Balanced Scorecard **2024**

JATILIMA (SINTA 4 Accredited Journal)

CERTIFICATIONS

Junior Web Programmer **2025**

Badan Nasional Sertifikasi Profesi (BNSP)

Data Analytics **2024**

MSIB Batch 7, PT Semesta Integrasi Digital (Karier.mu)

English Proficiency Test **2025**

Language Center of UPN Veteran Jawa Timur (Score: 513)
